PAPERS: STORIES OF UNDOCUMENTED YOUTH

Thursday, August 7 at 9 p.m.

"Papers" is the story of undocumented youth and the challenges they face as they turn 18 without legal status. Eleven million undocumented immigrants live in the United States. Of those, four and a half million were brought to the U.S. as children. These are young people who were educated in American schools, hold American values, know only the U.S. as home and who, upon high school graduation, find the door to their future slammed shut. Currently, there is no path to citizenship for most of these young people.

FIT KIDS, HEALTHY FAMILIES

Friday, August 8 at 8 p.m.

"FIT KIDS, HEALTHY FAMILIES" is a half-hour program that focuses on the critical threat to children's health posed by childhood obesity. The fast-paced program provides information on how and why childhood obesity has risen to become a major issue.

The program also provides valuable information to children and parents on making wise nutritional and exercise choices to help insure a lifetime of healthy habits.

FACING FORWARD: A STUDENT'S STORY

Saturday, August 23 at 9 p.m.

In inner-city Cleveland, 19 out of 20 African-American males, on average, do not graduate from high school. E Prep, a new-wave middle school with old-school values, endeavors to counteract these statistics by holding its students to high standards for behavior and achievement. The program takes viewers to a cultural battlefield where teachers and administrators strive to transform at-risk youth into self-assured, productive individuals. Hand-held cameras follow the charming but troubled 12-year-old Tyree during a full academic year and beyond to chart E-Prep's impact.

WOMEN IN CHEMISTRY: LIFE LESSONS FROM THE LABORATORY

Monday, August 25 at 9 p.m.

A documentary profiling eight remarkable women who have made important contributions to the field of chemistry. The Women in Chemistry project set out to present a group of eminent women chemists in all their dimensions principally to inspire young women to consider careers in the chemical and molecular sciences.

CAFETERIA MAN

Tuesday, August 26 at 9 p.m.

All across America, school food is undergoing a major transformation to help reverse the childhood obesity epidemic. Cafeteria Man provides a unique, behind-the-scenes look at what it takes to bring fresher, healthier food to the millions of kids in our nation's schools, with the ultimate goal of enhancing their well-being. It follows nationally-recognized, charismatic chef Tony Geraci for several years as he works to revamp school food programs in Baltimore and Memphis. Says best-selling author Michael Pollan in the documentary: "If Tony makes this happen here, I think you'll see this happening all over the country."

GOOD MORNING, MISSION HILL: THE FREEDOM TO TEACH, THE FREEDOM TO LEARN

Monday, August 28 at 9 p.m.

Imagine a public school environment based on respecting every child and adult's limitless possibilities! Unlike most of their public school peers, Mission Hill teachers have control of their curriculum, and a say in just about every aspect of school life. At this Boston public school academics connect to experiences, empathy and exploration are valued, and children with diverse abilities and backgrounds flourish. There are no panaceas, but much can be achieved when teachers have the freedom to teach, plus the support to keep growing. Expect laughter, tears, singing and fresh baked bread.
