

Utah's Online School Library

Home Access

Finding credible resources can be overwhelming, but Utah's Online School Library makes it easier by providing students with a curated collection of high quality, accessible resources—all for free!

Great for all ages, CultureGrams provides details on daily life, history, customs and lifestyles for over 200 countries and territories.

Scholarly, peer-reviewed content across various topics. From journal articles to eBooks, Gale provides high-quality information for all ages.

Explore amazing science, nature, culture, archeology and space adventures using the beloved NatGeo Kids!

Learn more about Utah through local newspapers, state photo archives and county resources.

and much more!
